Caylee

2009 16h
Imported Oldenburg
Bay Mare

This young mare is as exceptional as her full brother, Cassidy, who is currently competing successfully in the 5yo jumper classes in Wellington, FL.

Her pedigree combines the sire Contendro and the dam sire Landadel, two very successful German bloodlines. She was bred by Plum Creek Hollow and imported from Germany in 2011.

Caylee is a pleasure to ride. She is soft in the bridle and has wonderful big movements. We just started her over jumps and she shows nice form and lots of scope. She has a great work ethic and wonderful attitude.

Caylee would be a great hunter or jumper prospect for someone looking for something extra special. And we wouldn't cross dressage off the list of possibilities. She is on of those versatile horses who does many things well.

She's awesome.
