Check Out is an exceptional gelding with lots of scope and an eye catching appearance. We just imported him from Germany where he was successful in Young Jumper classes up to 1.30m.

Check Out is fantastic to ride on the flat and lots of fun to jump. He carries you to the fences and is quick of the ground. His ground manners are perfect and he likes to be taken care of.

Check Out is a great prospect for the 1.40m+ jumper ring but would also make a fancy high level Equitation horse
