## Cheveyo

2009 16h  
Oldenburg Gelding  
Dark Brown

This stunning young gelding could fit someone's wish list to a "T". He has excellent conformation, a super nice temperament and he moves and jumps very well.

His pedigree suggests that he should be a jumper, yet his beautiful way of going and spectacular looks open the possibilities of a first class hunter or equitation horse.

His sire is our own Grand Prix jumper stallion Con Capilot and his mother is by the well known South Pacific. Cheveyo will catch everyone's eye and he is bred to perform.

Looks, talent, temperament, chrome, conformation – he's got it all and then some.

Cheveyo is easy to ride and has no vices. He is sensible, willing and naturally soft in the bridle. He just got started over jumps and he shows nice form and is extremely willing.

Cheveyo is starting out the right way and has a tremendous future ahead of him.
