

Con Capilot

2003 16.1h

Imported Westfalian

Dark Brown Stallion

Con Capitol

With Con Capitol, one of Europe's finest jumper stallions comes to North America. This brilliant young stallion has impeccable conformation, perfect jumping technique, and eye-catching movement.

He is supple, powerful and incredibly athletic. He is also well mannered and has a wonderful temperament. He is ridden and trained inside and outside with geldings and mares and is always focused and business-like. His character is exceptional.

Con Capitol had the highest score for jumping in his Stallion Performance Test and performed exceptionally well in all other areas, finishing an outstanding second overall.

He is currently (2013) showing Grand Prix with Mandy Porter, who says about him: "He just turned 10 and he is really coming into his own. He is super careful, so I know I can push him to be quick. Every time I challenge him he tries really hard to answer the question and answer correctly."

For Breeders:

Con Capitol is a real eye-catcher, because of his presence, his looks and how he jumps. This exceptional stallion is available to breeders. His 2010 breeding fee (excellent quality frozen semen) is \$ 1,500. We offer a unique and very breeder-friendly breeding contract.
