## Holly

2007 16.2h  
Imported Oldenburg  
Bay Mare

Holly is an exceptional young mare!

She is back into training after having an impressive foal in 2012. Holly is extremely talented and loves to work. She is already jumping a 3'-3'3" course and her lead changes are automatic. She shows lots of scope, has great form over fences and breathtaking movements.

Holly is a pleasure to ride and to be around. She will be ready to do whatever you want her to. Jumper, hunter, dressage- everything is possible!

Holly will be someone's "once in a lifetime" horse, she is that nice.
