Pequena is a fantastic packer for a small adult or child. She is suitable for any ring but her preference is the jumper ring. She is super brave, can turn on a dime and absolutely loves her job. I swear she can count strides. Her comfort level is probably the 3-3'3 ring.

Pequena has a extensive show-record and she is only for sale because her child went to college. This wonderful mare has no vices and is looking forward to meet a new person she can teach.

On top of being a show horse, Pequena is a proven broodmare. In 2008 she had a spectacular filly by our own Con Capilot. This filly is a successful eventer in California now.

Please call or email for more information on this very special mare.
