Whimsey is an extremely talented mare with a great work ethic and a good mind. She has good ground manners and no vices.

Whimsey is a very good mover and shows a lot of scope and carefulness in the jump chute.

We just started her under saddle and she walks, trots and canters nicely and is soft in the bridle.

Whimsey would not only be a perfect prospect for a jumper or eventer who looks for something special, but could also become a high level dressage horse.

Don't miss out on this interesting young mare.
